1) OVERVIEW

The V-Compact Series TD-11KV is the most affordable V-Drums set with all dual-trigger mesh-head V-Pads. It also includes dedicated V-Cymbals for the Crash and Ride making it the perfect drum set for a wide variety of applications - practicing, recording, live playing, and teaching. Combined with the SuperNATURAL sound engine that provides expressive and dynamic drum and percussion sounds, the TD-11KV gives you a complete and natural drumming experience.

---

2) FEATURES

•TD-11 SuperNATURAL Drum Sound Module features 190 expressive sounds, 50 kits, and backing songs.

•Quick Rec/Quick Play lets users record themselves and instantly play it back for self-assessment. You can even record your performance playing with the backing songs.

•Unique Coach function includes exercises to challenge player's drumming skills so players get better, faster.

•Customize sounds easily with pitch, decay, and snare buzz.

•Mesh head V-Pad snare provides a natural feel that can be tensioned to the players liking.

•Various types of room ambience to create natural drum and percussion sounds.

•USB port for audio playback via USB flash memory and USB-MIDI/Audio interface.

3) QUICK DEMO

> Show the dual-trigger mesh V-Pad snare and how you can tension it
> Show how you can choke the cymbals
> Show the smooth closed-to-open hihat with foot splash

Select Patches 1-15
to show the variety of sounds.

Show the Coach Mode
Push the Coach Button and play along with the first exercise “Time Check” and play in time.
The gage in the display will show you if you’re playing in time and will give you a score at the end of 8 bars.

Play the Built-in Backing Songs
Push the Song Button and select any of the backing songs.
You can record yourself playing with the songs by using the QuickRec/Quick Play function.

Show Quick Rec/ Quick Play
Push the Quick Rec button.
Play the set and then push the Play Button to instantly hear it back.

4) FIVE THINGS TO KNOW

1) A wide variety of expressive drum and percussion sounds

2) Natural playability via the dual-trigger mesh V-Pad snare. Cymbals pads have choke capability

3) A variety of playback songs

4) Quick Rec/ Quick Play
